Win and In Rules

- Sprints every 5 laps. First place rider qualifies for final on first 4 x sprints.
- Rider winning multiple sprints reduces the size of final field
- Remaining places will be picked on lap 20.
- After the 4th sprint, there will be 1 neutral lap to clear track leaving up to 4 (or fewer) riders on track.
- After neutral, bell will ring for final sprint.
- Qualifying sprint win guarantees top 4 placing as long as rider finishes within 2 laps of leader.
- In the event a rider wins all 4 sprints - they will be declared the winner and the race will be shortened by 2 laps.

Rules to understand:

- 2C4. Free laps up to a distance of 1300 meters (4 laps) may be taken in a case of a mishap. Upon returning to the track, the rider will assume the position (s)he occupied prior to the mishap. Riders taking free laps may not return to the track in the final kilometer. Riders who suffer a mishap and do not return to the track will not be placed.

What is a mishap?

- Mishap: A crash or a mechanical accident (tire puncture or other failure of an essential component). However, a puncture caused by the tire coming off due to inadequate gluing is not a mechanical accident, nor is a malfunction due to missassembly or insufficient tightening of any component. A recognized mishap is a stoppage that meets the above conditions. An unrecognized mishap is a stoppage where the above conditions are not met.
