## Rules to understand:

- 2C4. Free laps up to a distance of 1300 meters (4 laps) may be taken in a case of a mishap. Upon returning to the track, the rider will assume the position (s)he occupied prior to the mishap. Riders taking free laps may not return to the track in the final kilometer. Riders who suffer a mishap and do not return to the track will not be placed.
- What is a mishap? Mishap: A crash or a mechanical accident (tire puncture or other failure of an essential component). However, a puncture caused by the tire coming off due to inadequate gluing is not a mechanical accident, nor is a malfunction due to missassembly or insufficient tightening of any component. A recognized mishap is a stoppage that meets the above conditions. An unrecognized mishap is a stoppage where the above conditions are not met.
- Competing without valid entry into race is fined \$15
- Riders may not delay competition (untimely reporting for equipment verification, not reporting as scheduled or taking too much time to get ready). \$20 fine for each offense.
